

Hampton Glover, UF Biodiversity Institute's Administrative Specialist II, is responsible for providing ongoing support and tracking of initiatives and reporting and spending for UFBI. With his pleasant demeanor and engaging sense of humor, he is a welcomed addition to UFBI, sharing his wealth of financial and administrative knowledge to the daily functioning of the Institute.

He came to UFBI in December 2017 from the UF College of Medicine – Pediatrics (Grants Office) where he worked as a Research Administrative Assistant. In this role, he was primarily responsible for Clinical Trial Post-Award Management and Accounts Receivable billing and management of Sponsors-Based-Clinical Trials, research related Accounts Payables, utilizing the EPIC Research Module to review and approve Clinical Trial patient charges and maintaining grant documentation, utilizing the departments SharePoint site.

A native Floridian, Hampton earned his B.A. in accounting from Newbury College, located in Boston MA. After graduation, he has acquired 20+ years of experience in accounting, business operations management, high-level administration, fiscal management, budgeting, financial controls and reporting.

Having previously resided in Massachusetts, New York, California, Hampton returned to Florida with his experience being a former business owner of a Billing, Bookkeeping, Income Tax & Accounting company; certified Income Tax instructor and licensed tax preparer; manager of over 130 large-scale corporate 401K plans, and financial and accounting administrator in higher education.

When not at work, Hampton's hobbies include cooking for friends and making home improvements. For more information, visit www.linkedin.com/in/hampton-glover-68a6a678.
